**Notice of Annual Meeting**

The accompanying proxy is solicited by the Board of Directors (the “Board”) of Panhandle Oil and Gas Inc., an Oklahoma corporation (the “Company”, “Panhandle”, “we”, “us” and “our”), for use at the Company’s annual shareholders meeting (the “meeting”) to be held at the Waterford Marriott, 6300 Waterford Boulevard, Oklahoma City, Oklahoma, on Thursday, March 7, 2013, at 1:30 p.m. local time, and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Shareholders Meeting.

When the proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with the directions noted thereon. Signed proxy cards without specified choices will be voted in the discretion of the proxies. If no direction is indicated, the persons named on the enclosed proxy will vote the proxy FOR the nominees for director in Proposal No. 1 and FOR ratification of the appointment of our independent registered public accounting firm in Proposal No. 2. Should other matters properly come before the meeting, the proxy will be voted as the Board may recommend, except proxies which are marked to deny discretionary authority.

If the enclosed form of proxy is executed and returned, it still may be revoked at any time before it is exercised by signing and sending to the Company a later dated proxy or a written revocation, or by attending the meeting and voting in person.

If your shares are held in “street name” (that is, through a bank, broker or other nominee), follow the voting instructions on the form you receive from such firm. If you hold shares in “street name” and would like to attend the meeting and vote in person, you will need to bring a proxy to the meeting signed by the nominee in whose name your shares are registered.

The mailing address of the Company is 5400 N. Grand Boulevard, Suite 300, Oklahoma City, OK 73112-5688. The Company anticipates that the proxies and proxy statements will be mailed to shareholders beginning on or about January 30, 2013. A copy of the Company’s Annual Report to Shareholders for the fiscal year ended September 30, 2012 accompanies this proxy statement.

The cost of soliciting proxies for the meeting will be paid by the Company. In addition to solicitation by mail, arrangements may be made with brokerage firms, banks and other custodians, nominees and fiduciaries to send proxy material to their principals. The Company will reimburse these institutions for their reasonable costs. No solicitation is to be made by specially engaged employees or other paid solicitors.

**Important Notice Regarding the Availability of Proxy Materials for the Shareholders Meeting to be held on March 7, 2013: this proxy statement, form of proxy and the Company’s 2012 Annual Report to Shareholders are available at the following website: [www.proxydocs.com/phx](http://www.proxydocs.com/phx).**

## Voting of Common Stock

All holders of Common Stock of record at the close of business on January 24, 2013 will be entitled to vote at the meeting or any adjournments or postponements. As of January 24, 2013, there were 8,334,834 shares of Class A Common Stock, par value \$0.01666 (“Common Stock”), outstanding, entitled to vote, owned by approximately 3,900 shareholders. A list of record shareholders entitled to vote at the meeting will be available for examination at least 10 days prior to the meeting at the Company’s offices during ordinary business hours and at the meeting.

The Amended Certificate of Incorporation of the Company provides for one vote for each share of Common Stock outstanding. At the meeting, each record holder of Common Stock will be entitled to cast one vote per share of Common Stock held of record on the record date. Votes may be cast by shareholders either present in person or by proxy.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the meeting. Abstentions and broker “non-votes” are counted as present and entitled to vote for the purpose of determining a quorum. Broker “non-votes” are shares held by brokers or nominees over which the broker or nominee lacks discretionary power to vote (such as for the election of directors) and for which the broker or nominee has not received specific voting instructions from the beneficial owner. For purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that particular matter, even though those shares will be considered present and entitled to vote for purposes of determining a quorum and may be entitled to vote on other matters.

Under the rules of the New York Stock Exchange, brokers or their nominees do not have the discretionary power to vote shares in uncontested director elections. At the meeting, they may only vote shares for the election of directors if they receive specific voting instructions from the beneficial owner. **If your shares are held by a broker or other nominee and if you do not provide such specific voting instructions, your shares can not be voted for the election of directors.**

The Board has adopted a majority vote standard for the election of directors in uncontested director elections. Accordingly, at the meeting, each nominee will be elected if the holders of a majority of shares of Common Stock present at the meeting and entitled to vote for the election of directors cast their votes “FOR” the nominee.

The two nominees for director at the meeting are currently directors of the Company. If any incumbent nominee for director fails to receive the required affirmative vote of the holders of a majority of the votes cast for that director, under Oklahoma law and the Company’s Bylaws, the incumbent will remain in office until his successor is elected and qualified or until his earlier death, resignation, retirement or removal. If any incumbent for director receives a greater number of votes “WITHHELD” from his election than votes “FOR”, he must promptly submit his offer of resignation from the Board for consideration by the Corporate Governance and Nominating Committee of the Board. The Corporate Governance and Nominating Committee will consider all relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. The Board will act on the offered resignation, taking into account such recommendation, and publicly disclose its decision regarding the offered resignation within 90 days

from the date of the annual meeting. The director who offered his resignation will not participate in any proceedings with respect to his offered resignation. If the Board accepts a director's offered resignation, the Corporate Governance and Nominating Committee will recommend to the Board whether to fill such vacancy or reduce the size of the Board. The Company's Corporate Governance Guidelines and Bylaws can be viewed at the Company's website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

Proposal No. 2 will be approved if the holders of a majority of shares of Common Stock present at the meeting and entitled to vote on Proposal No. 2 vote "FOR" the proposal.

The Company knows of no arrangements which would result in a change in control of the Company at any future date.

The Company knows of no other matters to come before the meeting. The Company did not receive any shareholder proposals. If any other matters properly come before the meeting, the proxies solicited hereby will be voted on such matters as the Board may recommend, except proxies which are marked to deny discretionary authority.

**A proxy is enclosed for your signature. Please return it immediately, marked, dated and signed. If your shares are held in "street name", please provide voting instructions on the form you receive from your broker or other nominee.**

Under Oklahoma law, the Company is required to have a board of directors that is divided into two or three classes.

The Board is divided into three classes, with the terms of office of each class ending in successive years. There will be two vacancies for the three-year terms ending in 2016. Nominees for the vacancies are Robert O. Lorenz and Robert E. Robotti, both of whom are currently directors.

These two nominees were recommended by the Corporate Governance and Nominating Committee and approved by the Board. The Board has no reason to believe that either of the nominees will be unable to serve as director. However, if either nominee should be unable for any reason to accept nomination or election, it is the intention of the persons named in the enclosed proxy to vote those proxies for the election of such other person or persons as the Board may recommend.

Bruce M. Bell retired from the Board in December 2012. Mr. Bell would not have been eligible for re-election at the 2013 Annual Meeting because he has reached age 70. Pursuant to the Company's Bylaws, a person may not stand for election or re-election as a director after attaining the age of 70.

The Board currently intends to reduce the size of the Board from eight to seven members rather than elect a replacement for Mr. Bell.

The Board adopted a “Charter of Lead Independent Director” which can be viewed at the Company’s website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

## **Meetings and Committees of the Board of Directors**

During the fiscal year ended September 30, 2012 (“fiscal 2012”), the Board held six meetings. At each meeting, a quorum of directors was present. The outside directors hold executive sessions at each Board meeting without management present. The Company expects all of its directors to attend each annual shareholders meeting. All directors attended the 2012 annual shareholders meeting.

During fiscal 2012, each director attended at least 75% of the meetings of the Board and each of the Board committees on which he served, except for Mr. Lorenz who missed two Board meetings and two meetings of the Compensation Committee due to his hospitalization and the death of his mother-in-law.

The Board has determined that, under the rules of the New York Stock Exchange, all directors are currently independent, except for Michael C. Coffman, Chief Executive Officer, who does not serve on any Board committee. Bruce M. Bell, who retired from the Board in December, 2012, was also independent throughout his tenure as a Board member.

The members of the Board are elected to various committees. The Board presently has three standing committees: Audit, Compensation, and Corporate Governance and Nominating. The Board had a Retirement Committee until March 2012 when its duties and responsibilities were assumed by the Compensation Committee.

The Audit Committee is comprised of Robert O. Lorenz, chair, Duke R. Ligon, Robert A. Reece and Darryl G. Smette. For information regarding the functions performed by the Audit Committee, its membership and the number of meetings held during fiscal 2012, see “Report of the Audit Committee” below. The Board has determined that each member of the Audit Committee meets all applicable independence and financial literacy requirements of the Securities and Exchange Commission and of the New York Stock Exchange. Robert O. Lorenz has been determined by the Board to meet the “audit committee financial expert” requirements of the Securities and Exchange Commission and the New York Stock Exchange. A copy of the Audit Committee Charter can be viewed at the Company’s website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

The Compensation Committee is comprised of Darryl G. Smette, chair, Robert O. Lorenz, Robert E. Robotti and H. Grant Swartzwelder. Bruce M. Bell was a member until his retirement from the Board in December 2012. The Committee met three times during fiscal 2012. The Committee reviews officer performance and recommends to the Board compensation amounts for executive officers and directors. See “Compensation Discussion and Analysis” below. The Compensation Committee also oversees the administration of the Panhandle Oil and Gas Inc.

Employee Stock Ownership and 401(k) Plan and Trust Agreement (the “ESOP Plan”). The Compensation Committee Charter was amended on December 10, 2012 and can be viewed at the Company’s website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

The Corporate Governance and Nominating Committee is comprised of Duke R. Ligon, chair, Robert A. Reece, Robert E. Robotti and H. Grant Swartzwelder. Bruce M. Bell was a member until his retirement from the Board in December 2012. This Committee met twice during fiscal 2012. The Committee’s charter can be viewed at the Company’s website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com). Functions of the Corporate Governance and Nominating Committee include: search for, identify and screen individuals qualified to become members of the Board; recommend to the Board when new members should be added to the Board; recommend to the Board individuals to fill vacant Board positions; and recommend to the Board nominees for election as directors at the annual shareholders meeting. If a vacancy on the Board exists that will not be filled by an incumbent director, the Committee identifies prospective nominees primarily through business and industry contacts. At a minimum, in its assessment of potential Board candidates, the Corporate Governance and Nominating Committee will review each candidate’s character, wisdom, acumen, business skills and experience, understanding of and involvement in the oil and gas industry, and ability to devote the time and effort necessary to fulfill his or her responsibilities. It is the policy of the Company to seek the most qualified candidates for Board membership without regard to race, gender, national origin, religion, disability, age or sexual orientation. The Corporate Governance and Nominating Committee will consider nominees proposed by shareholders of the Company if the requirements set forth in the Company’s Bylaws are satisfied. For more information, see “Shareholder Proposals” below. Those nominations must include sufficient biographical information so that the Committee can appropriately assess the proposed nominee’s background and qualifications. To propose a prospective nominee for the Committee’s consideration, shareholders must submit the proposal in writing to Panhandle Oil and Gas Inc., Attention: Secretary, 5400 N. Grand Boulevard, Suite 300, Oklahoma City, OK 73112-5688. Any such submission must be accompanied by the written consent of the proposed nominee to being named as a nominee and to serve as a director, if elected. The Committee is responsible for overall corporate governance issues and compliance. The Committee reviews periodically the corporate governance policies and principles of the Company and oversees and evaluates compliance with the Company’s Code of Ethics and Business Practices.

### **Board Role in Risk Oversight**

Management is responsible for day-to-day risk assessment and mitigation activities. The Board is responsible for risk oversight, focusing on the Company's overall risk management strategy, its degree of tolerance for risk and the steps management is taking to manage the Company's risk. This process is designed to provide to the Board timely visibility about the identification, assessment and management of critical risks. The Audit Committee assists the Board by annually reviewing and discussing with management this process and its functionality. The areas of critical risk include information technology, strategic, operational, compliance, environmental and financial risks. The Board, or the Audit Committee, receives this information through updates from the appropriate members of management to enable it to understand and monitor the Company’s risk management process. Information brought to the attention of the Audit Committee can then be shared with the Board, as appropriate.

- (1) All but one director deferred 100% of their retainers and fees under the Directors' Deferred Compensation Plan. E. Chris Kauffman deferred 49% of his retainers and fees under the Plan and received cash payments for the remainder.
- (2) At the end of fiscal 2012, the following future share amounts had been recorded to each director's account under the Directors' Deferred Compensation Plan: Bell–12,117; Ligon–8,688; Lorenz–21,609; Reece–40,319; Robotti–14,156; Smette–4,535; and Swartzwelder–19,925.
- (3) Under the Directors' Deferred Compensation Plan, dividends paid on the Common Stock are recorded to each Director's account on the record date of the dividend in the form of unissued shares. The amount recorded is based on the number of future unissued shares in each Director's account and the closing market price of the Company Stock on each dividend record date. These future share amounts have no voting authority and the Directors have no investment authority with respect thereto.
- (4) Retired from Board in December 2012.
- (5) Retired from Board in March 2012.

Outside directors received for fiscal 2012 annual retainers of \$35,000, \$1,500 for attending each Board meeting, \$1,000 for attending each committee meeting and out-of-pocket travel expenses for attending all meetings. Any director who travels over 50 miles to attend a Board or committee

meeting receives an additional \$500 for each meeting. In addition, during fiscal 2012, the Lead Independent Director and the chairs of the Audit, Compensation and Corporate Governance and Nominating Committees received additional annual retainers of \$12,500, \$10,000, \$5,000 and \$5,000, respectively. The annual retainers were paid in equal installments on December 31, 2011, and March 31, June 30 and September 30, 2012. This retainer and fee structure was guided by a study conducted by Longnecker & Associates, Houston, Texas (an independent compensation consultant) retained by the Compensation Committee to review the Company's Board compensation levels.

Any director who participates in a board meeting or committee meeting by conference telephone or other communications equipment receives only one-half of the fee paid for attendance in person at these meetings.

Annually, outside directors may elect to be included in the Directors' Deferred Compensation Plan. The Directors' Deferred Compensation Plan provides that each outside director may individually elect to be credited with future unissued shares of Company stock rather than cash for all or a portion of the annual retainers, Board meeting fees and committee meeting fees, and may elect to receive shares, if and when issued, over a period of time up to ten years. These unissued shares are recorded to each director's deferred compensation account at the closing market price of the shares (i) on the dates of the Board and committee meetings, and (ii) on the payment dates of the annual retainers. Only on a director's retirement, termination, death, or a change-in-control of the Company will the shares recorded for such director under the Directors' Deferred Compensation Plan be issued to the director. The promise to issue such shares in the future is an unsecured obligation of the Company. All current directors fully participate in the Directors' Deferred Compensation Plan.

### **Share Ownership Guidelines for Directors**

The Bylaws of the Company require outside directors to own shares of the Company's Common Stock in order to be a Board member. To further align the interests of the Directors with the Company's shareholders, each Director is expected to own that number of shares at the end of their third year of Board service which equals, on a cost basis, the aggregate amount of the three prior years' Directors' retainers and the meeting fees for the five regularly scheduled Board meetings held each year during such three year period. Future unissued shares that have been recorded to the directors' accounts under the Director's Deferred Compensation Plan may be used to satisfy this share ownership requirement.

### **Transactions with Directors**

The Company has entered into indemnification agreements with each of its directors and executive officers.

During fiscal 2012, the Company purchased directors and officers liability and other miscellaneous insurance policies through The Insurance Center Agency, Inc., Oklahoma City, for premium payments aggregating \$273,974. E. Chris Kauffman, a director until his retirement in March 2012, is an owner and officer of the Agency. The Company believes that the premiums and the terms of the insurance policies were at market rates and on market terms.

The Company for many years in the ordinary course of its business has participated on industry terms through its mineral acreage ownership in the drilling and completion of oil and gas wells in which Devon Energy Corporation serves as the operator. Darryl G. Smette is an Executive Vice President of Devon.

We review any transactions and relationships in which the Company and any of our directors, nominees for director, executive officers or any of their immediate family members may be participants, so as to determine whether any of these individuals have a direct or indirect material interest in any such transaction. We have developed and implemented processes and controls to obtain information from the directors and executive officers about related person transactions, and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in any such transaction. Transactions that are determined to be directly or indirectly material to a related person are disclosed in our proxy statement as required by SEC rules.

Pursuant to these processes, all directors and executive officers annually complete, sign and submit a directors' and officers' questionnaire that is designed to identify related person transactions and both actual and potential conflicts of interest. We also make appropriate inquiries as to the nature and extent of business that the Company may conduct with other companies for whom any of our directors or executive officers also serve as directors or executive officers. Under the Company's Code of Ethics and Business Practices, if an actual or potential conflict of interest affects an executive officer or a director, he or she is to immediately disclose all the relevant facts and circumstances to the Company's President or the Corporate Governance and Nominating Committee, as appropriate. If the Corporate Governance and Nominating Committee determines that there is a conflict, it will refer the matter to the Board, which will review the matter to make a final determination as to whether a conflict exists, and, if so, how the conflict should be resolved. In addition, the Audit Committee reviews all reports and disclosures of actual and potential related person transactions.

### **Compensation Committee Interlocks and Insider Participation**

The functions and members of the Compensation Committee are set forth above under "Proposal No. 1 – Meetings and Committees of the Board of Directors". All Committee members are independent and none of the Committee members have served as an officer or employee of the Company.

### **Code of Ethics**

The Board has adopted a Code of Ethics and Business Practices applicable to all directors, officers and employees of the Company. In addition, the Board has adopted a Code of Ethics for Senior Financial Officers. The Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer were required to sign this code and will be held to the standards outlined in the code. Copies of both codes are available at the Company's website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities and Exchange Act of 1934 requires the Company's directors and executive officers and persons who own more than ten percent of the Company's Common Stock

to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of the Common Stock, and to furnish the Company with copies of such reports. Based on a review of the filings with the Securities and Exchange Commission and representations that no other reports were filed, the Company believes that during fiscal 2012 all directors and executive officers complied with the reporting requirements of Section 16(a).

## **Proposal No. 2**

### **Ratification of Selection of Independent Registered Public Accounting Firm**

The Audit Committee has directed the Company to submit the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2013 for ratification by the shareholders at the meeting. Neither the Company's Bylaws nor other governing documents or law require shareholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during fiscal 2013 if it determines that such a change would be in the best interests of the Company and its shareholders.

A representative of Ernst & Young LLP is expected to attend the meeting and will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions of shareholders.

The Audit Committee has selected Ernst & Young LLP to conduct quarterly reviews for the first three fiscal quarters of fiscal 2013.

### **Report of the Audit Committee**

During fiscal 2012, the Audit Committee was comprised of five independent directors: Robert O. Lorenz, chair, Duke R. Ligon, Robert A. Reece, Robert E. Robotti (until March 8, 2012) and Darryl G. Smette. The Board has determined that all committee members are independent and that Mr. Lorenz is an "audit committee financial expert" (as defined by the Securities and Exchange Commission and the New York Stock Exchange), and that each member is financially literate as required by the rules of the New York Stock Exchange. Four meetings of the Committee were held during fiscal 2012.

The Audit Committee Charter was adopted in December 2004 with immaterial changes subsequently approved by the Board. A copy of the Charter can be viewed at the Company's website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

The Audit Committee's primary responsibility is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management has the primary responsibility for the financial statements and the reporting process, including internal control over financial reporting.

*Controls and Procedures.* Management has established and maintains a system of disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed by the Company in the reports filed or submitted under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and includes controls and procedures designed to provide reasonable assurance that information required to be disclosed by the Company in those reports is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. As of September 30, 2012, management conducted an evaluation of disclosure controls and procedures. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports filed or submitted under the Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. The Audit Committee discussed with management and Ernst & Young LLP, the Company's independent registered public accounting firm ("independent accountants"), the quality and adequacy of the Company's disclosure controls and procedures.

Management has also established and maintains a system of internal controls over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) of the Securities Exchange Act of 1934. These internal controls are designed to provide reasonable assurance that the reported financial information is presented fairly, that disclosures are adequate and that the judgments inherent in the preparation of financial statements are reasonable. Management conducted an evaluation of the effectiveness of the Company's internal control over financial reporting based on the framework set forth in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on management's evaluation under the framework in *Internal Control – Integrated Framework*, management concluded that the Company's internal control over financial reporting was effective as of September 30, 2012 as discussed in more detail in Management's Report on Internal Control Over Financial Reporting, which was included in our Annual Report on Form 10-K for the year ended September 30, 2012, filed with the SEC on December 11, 2012. The effectiveness of the Company's internal control over financial reporting as of September 30, 2012 has been audited by Ernst & Young LLP, as stated in its attestation report, which was included in our Annual Report on Form 10-K for the year ended September 30, 2012. The Audit Committee reviewed and discussed with management and Ernst & Young LLP the Company's system of internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

*Discussions with Management and Independent Accountants.* In fulfilling its responsibilities, the Committee reviewed with management the audited financial statements included in the Company's Annual Report on Form 10-K for fiscal 2012, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee reviewed with Ernst & Young LLP, which is responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee discussed with the independent accountants such matters as are required to be discussed under generally accepted auditing standards including Statement on Auditing Standards No. 114 (Communications with Audit Committees). In

addition, the Audit Committee discussed with the independent accountants its independence from management and the Company, including matters in the written disclosures received from the independent accountants as required by Public Company Accounting Standards Board Rule 3526 (Communications with Audit Committee Concerning Independence). The Audit Committee met with the independent accountants, with and without management present, to discuss the overall scope and plans for their audit, the results of their examinations, their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

The Audit Committee also met with the independent accountants and management after the end of each of the first three fiscal quarters. At these meetings, the independent accountants' review of quarterly results was presented and discussed and discussions were also held with management concerning these results.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2012 for filing with the Securities and Exchange Commission (which was filed on December 11, 2012).

## **Compensation Discussion and Analysis**

### **Compensation Committee and Role of the Board of Directors in Fiscal 2012**

The Compensation Committee is composed entirely of independent directors and has the responsibility for establishing, implementing and monitoring all facets of the compensation of the Company's executive officers. In particular, the Committee's role is to recommend to the Board for final approval, the compensation, benefit plans and policies, and, in addition, review, approve and recommend to the Board annually all compensation decisions relating to the Chief Executive Officer and the other executive officers of the Company. The Committee reviews the executive compensation program, recommends compensation levels, performance metrics, and recommends executive bonus distributions and restricted stock awards. The Committee met three times during fiscal 2012. The Committee operates in accordance with its charter which sets forth its powers and responsibilities. A copy of the charter of the Compensation Committee, which was amended on December 10, 2012, can be viewed at the Company's website: [www.panhandleoilandgas.com](http://www.panhandleoilandgas.com).

### **Compensation Philosophy and Objectives**

The objectives of the Company's compensation program are to:

- Attract and retain key executives which are necessary to continue execution of the Company's unique business strategies including the ownership, management and use of mineral acreage in an oil and gas exploration and production company.
- Motivate and reward individual and Company performance and contributions.
- Align the interests of the executives with those of our shareholders.

The principal elements of the executive compensation program are salary, annual cash bonus, restricted stock awards and contributions to the ESOP Plan. Awards of restricted stock pursuant to the Company's 2010 Restricted Stock Plan are an integral part of the Company's compensation program as a retention and long-term incentive form of compensation. The executive compensation program is used to meet the Company's compensation objectives as follows:

- Attract and retain key executives, reward the officers who contribute to the Company's success, and motivate the officers to develop and execute short-term, medium-term and long-term business strategies as well as meet annual goals approved by the Board.
- Align the interests of the executives with those of the Company's shareholders. In fiscal 2012, the Company used allocations of Company stock to the ESOP Plan and awards of restricted stock to align the financial interests of the executives with those of our shareholders and to provide a longer-term incentive form of compensation.
- Motivate and reward individual performance and contributions. The Company's evaluation of the individual performance of each executive officer affects most aspects of the executive's compensation. Market data, individual performance and level of responsibility are

considered in determining an executive's annual salary and are important factors in deciding discretionary cash bonuses.

- Financial and operating performances of the Company and the market price performance of the Company's Common Stock are also key factors in determining compensation.
- Awards of shares under the 2010 Restricted Stock Plan made in December of 2010 and 2011 contain vesting provisions that require both continuing length of service to the Company and market price performance of the Company's Common Stock. These provisions further align the structure of management compensation to Company performance and shareholder interest.

### **Role of Executive Officers**

In fiscal 2012, the Compensation Committee and the Board made all compensation decisions for the Chief Executive Officer and, after receiving input from the Committee's independent compensation consultant and Chief Executive Officer, the other executive officers. The Compensation Committee and the Board reviewed the performance of the Chief Executive Officer, and afterwards, set his compensation. Mr. Coffman was not present during these discussions. The Compensation Committee and the Board, together with the Chief Executive Officer, reviewed the performance of the other executive officers. The Chief Executive Officer made compensation recommendations to the Compensation Committee and the Board with respect to the other executive officers. Messrs. Blanchard, Lowry, Spriestersbach and Winfield were not present during these discussions.

### **Role of the Compensation Consultant**

In an effort to align our executives' compensation competitively with the market, the Compensation Committee engaged an outside, independent consultant, Longnecker & Associates, Houston, Texas ("L&A"), to review levels and incentive components of the executives' compensation for fiscal 2012. The primary role of L&A was to help identify peer companies and to provide the Compensation Committee with market data and information regarding compensation trends in our industry and to make recommendations regarding base salaries, the design of our incentive programs and executive and director compensation levels. Management does not direct or oversee the retention or activities of L&A with respect to the Company's executive compensation program.

### **Base Salaries and Annual Cash Bonuses**

In December of each year, base salaries of the executive officers are set for the next calendar year and bonuses are determined based on the preceding fiscal year's (year-end September 30) operational and financial performance. Base salaries and annual cash bonuses for executive officers are based on the individual's responsibilities and experience, taking into account, among other factors, the individual's initiative, contribution to the Company's overall performance, handling of special projects or events during the year and yearly financial and operating results of the Company. Base salaries for executive officers are reviewed and compared to similar positions in the Company's industry. The Compensation Committee, with the assistance of L&A, selected the following group of "peer companies" for 2012 comparison purposes:

Abraxas Petroleum Corp.  
 Approach Resources, Inc.  
 Callon Petroleum Co.  
 Constellation Energy Partners, LLC  
 Credo Petroleum Corp.  
 Crimson Exploration Inc.  
 Dorchester Minerals, L.P.

Double Eagle Petroleum Co.  
 Gastar Exploration Limited  
 GeoMet Inc.  
 Matador Resources Company  
 PetroQuest Energy Inc.  
 PrimeEnergy Corp.  
 Warren Resources, Inc.

Since the Company is not the same size and does not have the complexity of operations as most of the peer companies, the Compensation Committee uses the peer group comparison as a tool while considering many other factors.

*Base Salaries.* The base salaries of the executive officers are reviewed annually by the Compensation Committee and future salary adjustments, if any, are recommended to the Board for final approval. The Compensation Committee and the Board consider various factors, including:

- overall responsibilities of the executive officers;
- scope, level of experience and experience required to successfully execute the executive officer’s position with the Company;
- demonstrated individual performance of the executive officer; and
- recommendation of the Chief Executive Officer with respect to other executive officers.

Based on these factors and considerations, in December 2012, the Board established the annual base salary for the Chief Executive Officer at \$300,000 for calendar 2013. Calendar 2013 base salaries established for the other executive officers were: Paul F. Blanchard - \$278,000; Lonnie J. Lowry - \$182,000; Ben Spriestersbach - \$150,000; and Robb P. Winfield - \$145,600. Salaries for the executive officers in fiscal 2012 are set forth below in the “Executive Compensation - Summary Compensation Table” and were determined by the Board based on the considerations described above.

*Annual Cash Bonuses.* During an annual Company goal-setting process, the Compensation Committee and the Board approve Company objective performance metrics as well as more subjective performance goals that focus on the manner in which the Company’s oil and gas business is managed. These performance metrics are used in determining annual cash bonuses. For fiscal years 2012 and 2011, the objective performance metrics addressed earnings per share, reserve replacement percentage, Mmcfe production, finding cost per Mcfe and total G&A expense.

The objective performance metrics for fiscal 2012 and fiscal 2011 are below:

<u>Metric Category</u>	<u>Fiscal 2012</u>			<u>Fiscal 2011</u>		
	<u>Minimum(1)</u>	<u>Target(1)</u>	<u>Weighting</u>	<u>Minimum(1)</u>	<u>Target(1)</u>	<u>Weighting</u>
Earnings per share (1)(3)	\$0.25	\$1.05	14%	\$0.25	\$1.09	14%
Reserve replacement percentage (1)	175%	200%	22%	124%	175%	29%
Mmcfe production (1)	8,923 Mmcfe	9,636 Mmcfe	7%	8,916 Mmcfe	9,629 Mmcfe	14%

	<u>Maximum(2)</u>	<u>Target(2)</u>	<u>Weighting</u>	<u>Maximum(2)</u>	<u>Target(2)</u>	<u>Weighting</u>
Finding cost per Mcfe (2)(4)	\$2.25	\$1.60	50%	\$2.25	\$1.60	36%
Total G&A expense (2)	\$6.4 mil	\$6.0 mil	7%	\$6.2 mil	\$5.8 mil	7%

- (1) If the Target is achieved in any metric category covered by a Minimum measurement, 100% credit is earned. If the Minimum is achieved for any of these metric categories and the Target is not achieved, 50% credit is earned, with the remaining 50% based on the proportion achieved between the Minimum and the applicable Target. If the Minimum is not achieved in a metric category, no credit is earned.
- (2) If the Maximum is exceeded for these two metric categories, no credit is received for the affected metric category. If the Target is met for these metric categories, 100% credit is earned. If the results are between the Target and the Maximum, the credit earned is based on the proportion achieved between the Target and the applicable Maximum.
- (3) Earnings per share is net of the tax effected net change during the fiscal year in receivables and payables related to derivative contracts.
- (4) Finding cost per Mcfe is defined by the Compensation Committee and takes into account only changes in proved developed reserves and utilizes the ratio of SEC reserves oil and NGL prices to SEC reserves natural gas price as the factors to convert oil and NGL reserves to Mcfe reserves.

The Compensation Committee believes that combining the metric categories of growing reserves, increasing Mcfe production, reducing the finding cost per Mcfe and managing G&A expense are the important measurements necessary for increasing shareholder value and to grow an oil and gas exploration and production company. The target metric of reducing finding cost per Mcfe is intended to discourage drilling marginal or unprofitable wells only to achieve increased production and reserves. These metrics have been adopted by the Compensation Committee to focus management on drilling wells that are economically viable and generate a reasonable rate of return for the Company. The earnings per share metric has the effect of discouraging excessive risk taking. The Compensation Committee does not believe that these performance metrics reward executives for taking risks beyond those risks inherent in the oil and gas exploration and production business.

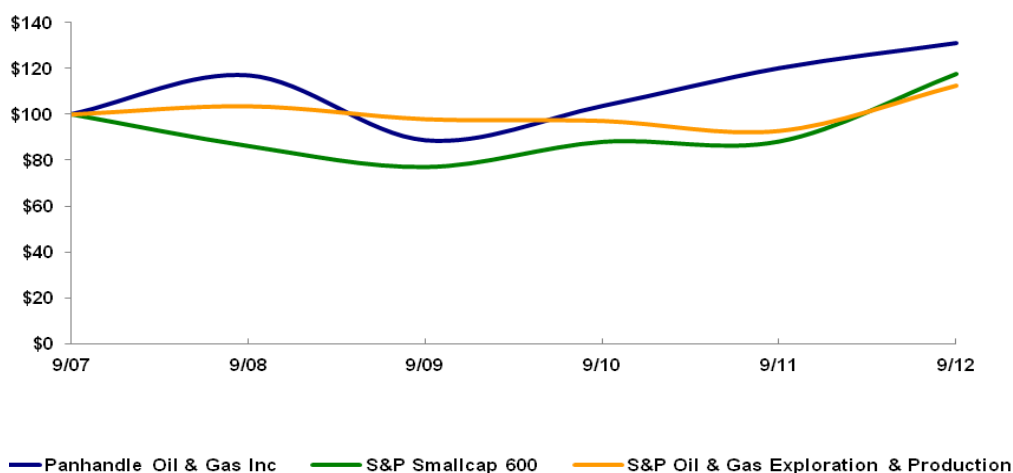

The Compensation Committee has the discretion to modify the effect of the objective performance metrics if unforeseen or uncontrollable conditions resulted in any of these metrics not being relevant to the Company's results for the year.

The subjective performance goals are tailored to fit the job description of each executive officer by weighting each major area of responsibility. Within each major area, a breakdown is made of more detailed areas of responsibility with weighting applied to each. An evaluation of the Chief Executive Officer is performed annually by the Compensation Committee. The Chief Executive Officer performed the evaluation of each of the other executive officers. In these evaluations, performances are evaluated on each of the detailed areas of responsibility. The evaluations are then accumulated to determine the grade for each major area and the area grading is summarized to determine the executive officer's subjective performance evaluation total score.

The Committee reviewed the performance of the Chief Executive Officer in meeting the Company's performance metrics and his subjective performance goals for fiscal 2012. In addition, the Committee noted that the Company's share price had outperformed both the S&P Small Cap

600 and the S&P Oil and Gas Exploration and Production Indexes for fiscal 2012. The Company's share price increased 8% during fiscal 2012.

The Compensation Committee believes that the cash bonus element of compensation for Mr. Coffman, Chief Executive Officer, and Mr. Blanchard, Chief Operating Officer, should principally reflect their success in achieving the above outlined Company performance metrics. Their bonus calculation is based on a weighting of 70% for meeting the objective performance metrics and 30% for meeting their subjective performance goals.

Cash bonuses are paid in the first fiscal quarter (December) of each year based on the preceding fiscal year's metric results. Thus, bonuses paid in December 2011 (during fiscal 2012) were based on fiscal 2011 metric results. For fiscal 2011, the metric results were as follows:

**Fiscal 2011**

<b><u>Metric Category</u></b>	<b><u>Actual Results</u></b>	<b><u>Target</u></b>
Earnings per share	\$1.13	\$1.09
Reserve replacement percentage	189%	175%
Mmcfe production	8,923 Mmcfe	9,629 Mmcfe
Finding cost per Mcfe	\$1.64	\$1.60
Total G&A expense	\$6.0 mil	\$5.8 mil

The maximum targeted annual cash bonus that could have been paid in December 2011 to the Chief Executive Officer (based on fiscal 2011 results) was 100% of his base salary (\$275,000). The maximum targeted annual cash bonus that could have been paid in December 2011 to the Chief Operating Officer (based on fiscal 2011 results) was 75% of his base salary (\$255,000). The other executive officers' annual bonuses were targeted at 30% of base salaries and were based 80% on meeting subjective performance goals and 20% on meeting Company objective performance metrics.

Cash bonus payments made during the first fiscal quarter of 2012 (December 2011) are set forth below in the "Summary Compensation Table" under "Executive Compensation".

### **Long-Term Equity-Based Compensation**

Our executive officers are eligible to receive stock-based awards under our 2010 Restricted Stock Plan. The objectives of the 2010 Plan are to attract and retain key employees, to motivate them to achieve long-range goals and to reward individual performance. Because executives' compensation from stock-based awards is heavily weighted to our stock price performance, the Compensation Committee believes stock-based awards create a strong incentive to improve long-term financial performance and increase shareholder value. Factors used to set the range of stock-based awards include management's and the Compensation Committee's perception of the incentive necessary to motivate individuals to join the Company and the role and impact of the various management levels in achieving key strategic results. Awards made in fiscal 2012 under the 2010 Plan to executive officers consisted entirely of restricted stock awards.

Vesting provisions contained in the stock restriction agreements for restricted stock awards are used by the Compensation Committee as another method to tie executive compensation both to continuing service by the executive to the Company and to the growth in shareholder value, as measured by the market price of the Company's shares. Under various circumstances, the restricted stock awards may vest totally, partially or not at all.

A portion of these restricted stock awards vest if the executive officers remain employees of the Company for the vesting period. These time vested stock awards are forfeited if the officer does not remain employed for the vesting period. The Compensation Committee believes the three-year vesting schedule for restricted stock awards enhances the retention value of these awards and positions the Company competitively from a market perspective. For a description of the stock-based awards under the 2010 Plan, see the table entitled "Outstanding Restricted Stock Awards at 2012 Fiscal Year End" on page 30.

L&A reviewed the total direct compensation packages of our executives, including our stock-based award program and recommended the Committee consider maintaining the use of restricted stock awards. The Compensation Committee relied upon the market data, company performance, and individual performance in the determination of stock-based awards for our executive officers. After considering all of these factors, in fiscal 2012, our committee approved the following restricted stock awards, which vest over a three year period: Michael C. Coffman, 11,990 shares; Paul F.

Blanchard, 9,414 shares; Lonnie J. Lowry, 851 shares; Ben Spriestersbach, 689 shares; and Robb P. Winfield, 668 shares.

### **Clawback Policy**

The Company's clawback policy further aligns the interests of our executives with shareholders. Under our clawback policy, our Board may reduce or cancel, or require recovery of, any incentive-based compensation from current or former executives if the Company has to issue an accounting restatement based on erroneous data due to material non-compliance with any financial reporting requirement under federal securities laws that affect directly or indirectly the objective and subjective metrics used to determine bonuses and restricted stock awards.

### **Broad-Based Employee Benefits**

- The Company's ESOP Plan is a tax-qualified, defined contribution plan that covers all employees, including the executive officers. Under the ESOP Plan, the Company contributes shares of its Common Stock to the ESOP Plan based on the employees' total compensation level.
- All employees, including the executive officers, are eligible to participate on the same basis in all of the Company's other employee benefit plans which include medical, dental, group life, long term disability, accidental death and dismemberment and eye care insurance.
- The Company provides no perquisites or other personal benefits to its executive officers.

### **Change-In-Control Executive Severance Agreements**

The Board believes that the executives' performance generally may be hampered by distraction, uncertainty and other activities in the event of a change-in-control of the Company which might adversely affect shareholder values. To reduce these potential adverse effects and to encourage fair treatment of the executive officers in connection with any change-in-control event, Change-In-Control Executive Severance Agreements were entered into in 2007 with the executive officers to provide for change-in-control protection. Under these Agreements, if, within two years following a change-in-control event, the Company terminates the employment of any of the executives without cause, or any executive resigns for good reason, that executive would be entitled to a severance payment, payable in a lump sum, in cash, following his termination, in an amount equal to two times the average of the compensation paid to the executive during the two calendar years preceding the change-in-control event (or the annual average of any shorter period). Compensation for this purpose includes the sum of the executive's base salary, cash bonuses and contributions made to the ESOP on executive's behalf. The bonus amount used in determining the executive's compensation shall not be less than two times his targeted bonus for the calendar year in which the change-in-control event occurs (or if not yet determined for that year, two times the executive's targeted bonus for the preceding calendar year). Further, if the executive qualifies, and the Company is required to provide coverage under COBRA, the Company shall reimburse the executive the costs of purchasing continuing coverage under COBRA for the executive and his dependents for as long as he qualifies for COBRA coverage. The Company has not been subject to COBRA because it had fewer than 20 employees; however, the Company did reach 20 employees during the latter half of

calendar 2012. If the Company has 20 or more employees for more than one-half of the Company's regular work days in calendar 2013, the Company will become subject to COBRA beginning January 1, 2014.

A change-in-control event generally means: (i) the acquisition of beneficial ownership of 30% or more of the Company's Common Stock; (ii) during any two consecutive years, individuals who currently make up the Company's Board (or which subsequently become directors after being approved for election by at least a majority of current directors) ceasing for any reason to make up at least two-thirds of the Board; or (iii) approval by the Company's shareholders of (a) a reorganization, merger or consolidation which results in the ownership of 20% or more of the Company's Common Stock by persons or entities that were not previously shareholders, (b) a liquidation or dissolution of the Company, or (c) the sale of substantially all of the Company's assets.

There may arise situations where the potential to merge with or be acquired by another company may be in the best interest of our shareholders. Based on this potential, the Company believes that the "double trigger" requiring both (i) a change-in-control event and (ii) the termination of an executive's employment without cause or his resignation for good reason is appropriate to provide fair treatment of the executive officers, while allowing them to continue to concentrate on enhancing shareholder value during a change-in-control event, as they may take actions which ultimately may lead to their termination after the change-in-control event.

Pursuant to the Change-In-Control Executive Severance Agreements, assuming that a change-in-control event took place on the last day of fiscal 2012, and an executive's employment was terminated without cause, or the executive terminated his employment for good reason, within two years following this assumed change-in-control event, the executives below would receive the following severance payments:

<b><u>Name</u></b>	<b><u>Salary</u></b> (1)	<b><u>Bonus</u></b> (2)	<b><u>Total</u></b> (3)
Michael C. Coffman	\$609,250	\$582,000	\$1,191,250
Paul F. Blanchard, Jr.	\$569,250	\$405,000	\$974,250
Lonnie J. Lowry	\$401,070	\$107,400	\$508,470
Ben Priestersbach	\$317,157	\$87,000	\$404,157
Robb P. Winfield	\$313,405	\$84,360	\$397,765

- (1) Calculated based on (i) two times the average of the executive officer's base salary during calendar years 2010 and 2011 plus (ii) two times the average amount contributed to the ESOP on behalf of each executive for fiscal years 2010 and 2011.
- (2) Calculated based on two times the maximum targeted bonus for each executive for calendar year 2012.
- (3) In addition, if the Company is required to provide continuing coverage to its employees under COBRA (as defined in Section 4980B of the Internal Revenue Code of 1986) at the time of a change-in-control, the Company will reimburse each executive for all costs incurred by him in purchasing such continuing coverage for himself and his dependents as long as he qualifies for COBRA coverage.

Other than the Change-In-Control Executive Severance Agreements, the Company maintains no employment agreements with its executive officers.

## **Other Compensation Matters**

The Company currently does not have ownership requirements or a stock retention policy for our executive officers. The Company's Code of Ethics and Business Practices prohibits directors, officers and employees from engaging in speculative transactions involving the Company's securities.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 annually paid to any of our executive officers, unless the compensation qualifies as performance-based compensation. As our compensation levels are well below this level, Section 162(m) is a non-factor for the Company.

As of the date of this Proxy Statement, the Company has weathered the ongoing economic conditions in an excellent manner and, to the best of its knowledge, has no upcoming issues. The Company is mindful of the current state of the economy and will continue to evaluate its situation and the potential effects on executive compensation.

## **Report of the Compensation Committee**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

## **Advisory Vote on Executive Compensation**

At the 2011 Annual Shareholders Meeting, shareholders cast advisory votes on approval of the Company's executive compensation program and on whether shareholders should vote on executive compensation every three years, two years or one year. More than 93% of Shares cast on the matter supported the Company's executive compensation program. More than 64% of Shares cast on the matter supported a shareholder vote every three years on approval of the executive compensation program. Based on this vote, the Board has determined to present the executive compensation program for shareholder approval every three years. The next shareholder vote will occur at the 2014 Annual Shareholders Meeting.

- (1) Base salaries are set on a calendar year basis and are reported on a fiscal year basis ending on September 30 of each year. This means that the salary shown above for each fiscal year reported represents three months' salary of the previous calendar year and the first nine months of the current calendar year through September 30 fiscal year-end. Cash bonuses are paid in December of each year based on the preceding fiscal year's performance. Bonuses shown for fiscal 2012 were paid in December 2011 and were based on fiscal 2011 financial and operating performance. The same timing of payments and Company performance holds true for fiscal 2011 and fiscal 2010.
- (2) In accordance with applicable accounting standards, these amounts represent the aggregate fair value of the awards on the award date. The ultimate value realized by the executive officers on vesting of the awards may or may not equal the fair market value at award date based on failure to achieve the specified vesting requirements. Under certain circumstances, the awards may wholly or partially vest or never vest. The Company's only equity incentive plans for its executive officers are the ESOP Plan and the 2010 Restricted Stock Plan described below.

### **ESOP Plan**

The ESOP Plan is a tax-qualified, defined contribution plan, and serves as the Company's only retirement plan for its employees. Contributions are made at the discretion of the Board and, to date, all contributions have been made in shares of Common Stock. Contributions are allocated to all participants in proportion to their compensation for the plan year and 100% vesting occurs after three years of service. Separation prior to three years of service results in forfeiture of all contributions received. All employees, including the executive officers, may participate in the 401(k) portion of the ESOP Plan on a voluntary basis. Under the terms of the 401(k) portion of the ESOP Plan, eligible employees may elect to defer a portion of their earnings up to the maximum allowed by regulations of the Internal Revenue Service. The Company makes no matching contributions to the 401(k) portion of the ESOP Plan.

### **2010 Restricted Stock Plan**

*Awards.* The 2010 Restricted Stock Plan ("2010 Plan") permits awards of restricted stock to Company officers and is used by the Compensation Committee for retention and long-term incentive compensation. The Company will sell shares of restricted stock to officers at a significant discount to the fair market value of the shares, generally at the par value of the shares. The restricted shares will vest after the passage of time (typically over several years on the anniversary dates of the issuance of the restricted stock) and vesting may also be subject to the market price performance of the Company's Common Stock. The minimum vesting period is two years but is expected to be three to five years. Under various circumstances, the restricted stock awards may wholly or partially vest or never vest. The Company will repurchase the restricted stock at the original purchase price if vesting does not occur.

Officers participate in this program based on their (i) ability to make a significant contribution to the Company's financial and operating results, (ii) level of responsibility and (iii) performance. No officer is entitled to participate automatically based on title, position or salary level. This program is designed to help retain key officers of the Company and participation will be highly selective.

Each participant in the 2010 Plan enters into a stock restriction agreement with the Company setting forth the terms, conditions and restrictions of the restricted stock award. The restricted stock is issued by the Company in the name of the participant and deposited with the Company, or an escrow agent determined by the Compensation Committee, until the restrictions lapse or until vesting is no longer possible under the stock restriction agreement.

Subject to the terms and conditions of the stock restriction agreement, a participant holding restricted stock has the right to receive dividends on the shares of restricted stock during the restriction period, vote the shares of restricted stock and enjoy other shareholder rights related to the restricted stock. On expiration of the restriction period, subject to the terms of the Plan and the stock restriction agreement, the participant will be entitled to receive shares of Common Stock not subject to restriction.

*Effective Date and Term.* The 2010 Plan became effective on March 11, 2010, the date it was approved by the Company's shareholders. No restricted stock can be awarded after the day before the tenth anniversary of the effective date, but the vesting periods for restricted stock previously sold may extend beyond that date.

*Eligibility.* Any current officer of the Company, or any future subsidiary entities in which the Company has a controlling interest, as determined by the Compensation Committee, are eligible to be granted an award of restricted stock.

*Administration.* The 2010 Plan is administered by the Compensation Committee of the Board, which has authority to grant awards of restricted stock and determine recipients and the terms of awards. The Compensation Committee has full authority to construe and interpret the terms of the 2010 Restricted Stock Plan and to determine all facts necessary to administer the Plan.

*Stock Subject to the 2010 Plan.* Subject to adjustments allowed under the 2010 Restricted Stock Plan, awards of restricted stock may be made under the Plan for up to 100,000 shares of Common Stock. If any award of restricted stock expires or is terminated, surrendered or canceled without being fully vested, the unused shares covered by such award will again be available for awards under the Plan.

*Restricted Stock.* Pursuant to the 2010 Plan, the Compensation Committee may grant awards of restricted stock on the terms and conditions set forth by the Compensation Committee in the applicable stock restriction agreement, including the conditions for vesting, the vesting periods, the issue price and the acceleration of vesting in certain events. The vesting period for any restricted stock award will be a minimum of two years.

*Adjustments Due to Changes in Capitalization or Control.* In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of shares of Common Stock other than an ordinary cash dividend, (i) the number of shares of Common Stock available under the 2010 Plan, (ii) the number of shares of Common Stock subject to and the repurchase price per share subject to each outstanding restricted stock award, and (iii) the terms of each other outstanding award shall be equitably adjusted by the Company in the manner determined by the Compensation Committee.

*Change in Control.* On the occurrence of a change in control of the Company as defined in the Plan, except to the extent provided to the contrary in the stock restriction agreement between a participant and the Company, all restrictions and conditions on all restricted stock awards then outstanding shall automatically lapse and be deemed terminated or satisfied, as applicable.

*Transferability of Awards.* Unless otherwise provided by the Compensation Committee, restricted stock will be nontransferable, either voluntarily or by operation of law, except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order.

*Voting and Dividends.* Holders of shares of restricted stock may vote their shares. Dividends are paid on restricted stock.

*Termination of Employment.* The Compensation Committee will determine the effect on restricted stock due to the disability, death, retirement, termination or other cessation or change in the employment, of a participant.

*Tax Withholding.* A participant in the 2010 Plan must satisfy all applicable federal, state and local or other income and employment tax withholding obligations of the Company before it will authorize the restricted stock to be released by the Company or from escrow. The Compensation Committee may allow a participant to satisfy all or part of these withholding obligations by transferring shares of restricted stock to the Company.

*Amendment of Awards.* The Compensation Committee may amend, suspend or terminate the 2010 Plan or any portion of the Plan at any time; provided that if at any time the approval of the Company's shareholders is required as to any modification or amendment under applicable laws and rules, the Compensation Committee may not effect such modification or amendment without shareholder approval. Unless otherwise specified in the amendment, any amendment to the 2010 Plan shall apply to, and be binding on, the holders of restricted stock under the Plan at the time the amendment is adopted, provided, the Compensation Committee determines that such amendment does not materially and adversely affect the rights of participants under the Plan.

*Outstanding Equity Awards at Fiscal Year-End.* The following table provides information on the holdings of restricted stock by our executive officers at the end of fiscal 2012. No shares of restricted stock have vested.
